Making a Quick Entry

Quick Entry is the fastest way to order an item in SMARTworks. A Product ID and **Quantity** is required.

- 1. Click the Orders tab in SMARTworks' menu, and then select **Quick Entry**
- Enter the Product ID and Ouantity, and then click the Add to Shopping Cart button or hit the Enter Key on your keyboard.

checkout process, click the

Proceed to Checkout button.

- Orders Quick Entry roouce search Quick Entry Browse Catalogs Review Shopping Cart View Orders Please enter a Product Id and a Quantity. Product Id* 0411A 10 Quantity * **3**. To review your order and begin the Clear En Add to Shopping Cart Proceed to Checkout
- **4**. If you want to change the quantity and determine the new price, enter the new **Ouantity** on the Current Order/Checkout screen. The Total price is recalculated.
- 5. Proceed to *Checking Out* in this guide to review the checkout process.

Performing a Product Search

Performing a Product Search Product Search lets you search for products based on full or partial Product IDs or Descriptions.

- **1**. Go to the Orders tab and select **Product Search**.
- **2**. Click to select a specific catalog in the **Look In** section. Ctrl + click to select more than one catalog.
- 3. By Default, Product ID is selected in the For Products, Where drop down list (you may also select Product Description).
- Orders Product Search Browse Catalogs Review Shopping Cart /iew Orders 🖌 💿 Starts With 🔿 Conta

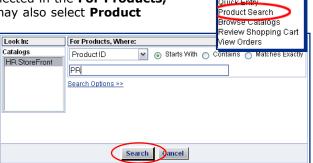

5. Type the data in the blank text field and click Search or hit the Enter key on your keyboard.

4. By Default, the Starts With

filter is selected. You may

also choose Contains or

Matches Exactly.

- **6**. Once you've located the item you're looking for Product List Display screen, enter the desired **Ouantity** next to the products you want to order, click the Add to Shopping Cart button or hit Enter on your keyboard.
- 7. To submit the current order, click the **Proceed to Checkout** button. See Checking Out in this guide for instructions.

Browsing by Vendor Catalogs

Browse Catalogs allows you to browse items in all of your catalogs and add them to your order as you browse.

1. Go to the Orders tab and select Browse Catalogs.

2. Click the link to the desired catalog from the Catalog list and select subsequent Catalog or Category links until you find the products for which you are looking.

Note: Some categories contain sub-categories and may require you to click through multiple category selections before products are displayed. You can return to previous category levels by clicking

the link to the desired category in the **Current** Location path.

Checking Order Status

The Manage Orders and View Orders functions provide you with the ability to manage orders of all statuses. Manage Orders provides access to all orders in your company, while View Orders provides access only to only your orders.

- 1. Click the View Orders or Manage Orders link under the Orders tab.
- **2**. All of your Orders are displayed by status in the Order Dashboard screen. Click the number next to the status to view the orders in a particular status.
- You can perform a specific search by selecting one or more of the following criteria: Order Statuses, Predefined Date Range, and Order Type. Next, type in your search inquiry in the Order Criteria field, and click the Search button.
- **4**. The Order List Display screen displays your search results. Click an Order Number to view its contents.
