

ARE YOU PROTECTING THOSE AT RISK?

You should be.

It's common sense.

IntelliCorp is a nationwide provider of criminal background checks and employment screening products. Our secure and instant online access to criminal records and other public information helps businesses and organizations reduce exposure to fraud, workplace violence and negligent-hiring lawsuits.

Why? Because businesses and organizations can't afford to recruit employees and volunteers with a history of serious crimes, abuse, neglect or improper behavior. How much do you really know about the individuals within your organization? It is imperative to verify an applicant's background prior to hiring to protect your organization, employees and the public. Any staff member who commits a crime can damage an entire organization and expose your organization to intense public scrutiny.

Criminals are always on the lookout for how they may gain access to individuals at risk. Your organization may be at risk if you are not conducting a thorough background check that includes:

- Nationwide Criminal Search
- 50 State Sex Offender Registry
- SSN Address Check
- Terrorist Search
- 1 Single-County Check

It is a fact that criminals and child molesters look for:

- Organizations that don't pre-screen their employees
- Places to work where they can slip through undetected
- An easy way to gain the trust of individuals at risk

With IntelliCorp, your organization should pre-screen to:

- Identify past offenders and potential offenders with histories of violent crime or drug abuse
- Deter potential abusers and criminals
- Mitigate loss and litigation
- Preserve profits and credibility

With background checks from IntelliCorp, you can stop guessing about people. Instead, you can rest easy - knowing you're doing everything possible to ensure the safety of individuals at risk, your employees and your organization.

Sophisticated Technology

IntelliCorp's "IntelliSearch" model is the ultimate screening tool. The system features a "smart recommendation" model that helps clients find all potential criminal records related to a search. And IntelliSearch automatically accesses billions of names, addresses and Social Security numbers to find all jurisdictions where an individual may have lived. The result? You'll get comprehensive, accurate, reliable background information on potential employees and volunteers.

Find out more

To find out more about IntelliCorp or to register, contact Matt Garbincus, Monday - Friday from 8:30am - 5:30pm EST. Just call 800-539-3717 x145 or send an e-mail to mgarbincus@intellincorp.net.
